

In a fast-paced environment, the ability to constantly learn and adjust in an ambiguous world needs to be a fundamental principle of any organization. With over 50 years of development experience, the United Nations Development Programme is re-inventing itself to adapt to emerging challenges and opportunities, improve our business model and the way we work. In Sri Lanka, UNDP has been working as a key development partner since 1967, to achieve sustainable human development in economic, social and environmental fronts. To support national development, we are looking for individuals who are driven and passionate to join our dynamic team.

For this purpose, UNDP is seeking to recruit a dynamic and well accomplished "Finance Analyst" to play a key role in the Sri Lankan Country Office.

Career Opportunities

Finance Analyst (NOA)

Key Responsibilities

- The Finance Analyst provides technical advice to Business Development and Engagement teams on investment strategies and potentially new financial instruments and arrangements.
