

In a fast-paced environment, the ability to constantly learn and adjust in an ambiguous world needs to be a fundamental principle of any organization. With over 50 years of development experience, the United Nations Development Programme is re-inventing itself to adapt to emerging challenges and opportunities, improve our business model and the way we work. In Sri Lanka, UNDP has been working as a key development partner since 1967, to achieve sustainable human development in economic, social and environmental fronts. To support national development, we are looking for individuals who are driven and passionate to join our dynamic team.

For this purpose, UNDP is seeking to recruit a dynamic and well accomplished “Integrated Knowledge Team Leader” to play a key role in the Sri Lankan Country Office.

Career Opportunities

Integrated Knowledge Team Leader (NOC)

Key Responsibilities

- Anchors and oversees the programme and policy advisory service portfolio in the Sri Lankan operation as the primary focus whilst providing leadership, through creative collaboration and integrated approaches to the team.
- Develops and implements innovative methods that strategically capture and share technical knowledge from all teams and partners to improve programme effectiveness through a management approach that values creative collaboration over narrow silos of self-verifying expertise and practice.
- Responsible for a wide variety of activities related to identifying, managing and disseminating key information to advance technical practice and provide team members and collaborators with the tools they need to reach new audiences, attract new partners and perform better work.
- Design and formulate Country Office programme translating Sri Lanka Grand Challenge priorities into measurable actions and together with the team, define a portfolio of programmes and services that go beyond conventional practice to one where new clients and collaborators see their perspectives and are compelled to join and invest in UNDP.

Key Requirements

- Master’s degree in social policy, public policy, politics, economics, development studies or a related area with 5 years’ experience in national and international levels.
Or
Bachelor’s degree in social policy, public policy, politics, economics, development studies or a related area with 7 years’ experience in national and international levels.
- Experience in leading/managing integrated knowledge product development and dissemination.
- Strong oral and written communication skills in English, along with Sinhala and/or Tamil.
